1. Aims

The aim for RSE is to provide children with age appropriate information, explore attitudes and values and develop skills in order to empower them to make positive decisions about their health related behaviour and enable them to show understanding of and acceptance of all areas within the equalities act.

In addition, RSE will promote self-esteem and emotional health and well-being and help children form and maintain worthwhile and satisfying relationships, based on respect for themselves and for others, at home, school, work and in the community.

The aims of relationships and sex education (RSE) at our school are to:

- › Provide a framework in which sensitive discussions can take place
- › Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- › Help pupils develop feelings of self-respect, confidence and empathy
- › Create a positive culture around issues of sexuality and relationships
- › Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a maintained primary school, we must provide relationships education to all pupils under section 34 of the [Children and Social Work Act 2017](#).

We are not required to provide sex education, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state, as outlined in section 403 of the [Education Act 1996](#).

We must also have regard to our legal duties set out in:

- Sections 406 and 407 of the Education Act 1996
- Part 6, chapter 1 of the [Equality Act 2010](#)
- The Public Sector Equality Duty (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Newton Leys Primary School we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils, parents and governors. The consultation and policy development process will involve the following steps:

1. Review – a member of staff pulled together all relevant information including relevant national and local guidance

2. Staff consultation – all school staff will be given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents will be given the opportunity to read and make comments on the policy
4. Ratification – once amendments have been made, the policy will be shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

At Newton Leys we use a spiral curriculum from Coram Life Education called SCARF: Safety, Caring, Achievement, Resilience, Friendship. SCARF provides a whole-school approach to building these essential foundations which are crucial for children to achieve their best, academically and socially. It is taught in weekly discreet lessons, during circle time in assemblies and collective worship. We provide our children with opportunities to learn about rights and responsibilities. SCARF units of work link closely with safeguarding, the school ethos, British values, rights and responsibilities, and growth mind-sets so that the children have depth and breadth within this area of the curriculum.

We will continue to develop our curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

We will share all curriculum materials with parents and carers upon request.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

6. Delivery of RSE

RSE is delivered within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the Science curriculum, and other aspects are included in Religious Education (RE).

A range of teaching methods which involve children's participation are used to deliver RSE. These include use of video, discussion, circle time, looking at case studies, drama and role play.

RSE will usually be delivered in mixed gender groups. However there may be occasions where single gender groups are more appropriate and relevant.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- › Families and people who care for me
- › Caring friendships
- › Respectful relationships
- › Online relationships
- › Being safe

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

We will also be mindful of the law and legal requirements, taking care not to condone or encourage illegal political activity, such as violent action against people, criminal damage to property, hate crime, terrorism or the illegal use of drugs.

6.1 Inclusivity

We will teach about these topics in a manner that:

- › Considers how a diverse range of pupils will relate to them
- › Is sensitive to all pupils' experiences
- › During lessons, makes pupils feel:
 - Safe and supported
 - Able to engage with the key messages

We will also:

- › Make sure that pupils learn about these topics in an environment that's appropriate for them, for example in:
 - A whole-class setting
 - Small groups or targeted sessions
 - 1-to-1 discussions
 - Digital formats

➤ Give careful consideration to the level of differentiation needed

6.2 Use of resources

We **will** consider whether any resources we plan to use:

- Are aligned with the teaching requirements set out in the statutory RSE guidance
- Would support pupils in applying their knowledge in different contexts and settings
- Are age-appropriate, given the age, developmental stage and background of our pupils
- Are evidence-based and contain robust facts and statistics
- Fit into our curriculum plan
- Are from credible sources
- Are compatible with effective teaching approaches
- Are sensitive to pupils' experiences and won't provoke distress

7. Use of external organisations and materials

We will make sure that an agency and any materials used are appropriate and in line with our legal duties around political impartiality.

The school remains responsible for what is said to pupils. This includes making sure that any speakers, tools and resources used don't undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

We **will**:

- Make appropriate checks and engage with external agencies to make sure that their approach to teaching about RSE is balanced, and it and the resources they intend to use:
 - Are age-appropriate
 - Are in line with pupils' developmental stage
 - Comply with:
 - This policy
 - The [Teachers' Standards](#)
 - The [Equality Act 2010](#)
 - The [Human Rights Act 1998](#)
 - The [Education Act 1996](#)
- Only work with external agencies where we have full confidence in the agency, its approach and the resources it uses
- Make sure that any speakers and resources meet the intended outcome of the relevant part of the curriculum
- Review any case study materials and look for feedback from other people the agency has worked with
- Be clear on:
 - What they're going to say
 - Their position on the issues to be discussed

- Ask to see in advance any materials that the agency may use
- Know the named individuals who will be there, and follow our usual safeguarding procedures for these people
- Conduct a basic online search and address anything that may be of concern to us, or to parents and carers
- Check the agency's protocol for taking pictures or using any personal data they might get from a session
- Remind teachers that they can say "no" or, in extreme cases, stop a session
- Make sure that the teacher is in the room during any sessions with external speakers
- Share all external materials with parents and carers

We **won't**, under any circumstances:

- Work with external agencies that take or promote extreme political positions
- Use materials produced by such agencies, even if the material itself is not extreme

8. Roles and responsibilities

8.1 The governing board

The governing board will approve the RSE policy, and hold the Head teacher to account for its implementation.

8.2 The Head teacher

The Head teacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from [non-statutory/non-science] components of RSE (see section 9).

8.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Sharing content and resources with Y6 parents before teaching Sex Education
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Head teacher. It is each teacher's responsibility to tailor the lessons to the children in their class. Teaching and resources will be differentiated as appropriate to address the needs of children, including SEND or SEMH, in order for them to have full access to the RSE curriculum.

All staff involved in the delivery of RSE are aware that effective RSE, which brings an understanding of what is and is not acceptable in a relationship may lead to a disclosure of a child protection issue. One of

the Designated Safeguarding Leads must be informed should such a situation arise and disclosures will be dealt with in line with school and local authority procedures relating to child protection. No member of staff can promise confidentiality if there are concerns in these circumstances.

8.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

9. Parents' right to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Head teacher.

Alternative work will be given to pupils who are withdrawn from sex education.

10. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The Head teacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

11. Monitoring arrangements

The delivery of RSE is monitored by the Head teacher, Deputy Head teacher and PSHE co-ordinator.

The school will assess the effectiveness of the aims, content and method of delivery used in promoting children's learning by lesson observation, sampling planning, questionnaires to children and feedback from parents.

The effectiveness of the RSE programme will be evaluated by assessing children's learning and implementing changes to planning and delivery if required.

This policy will be reviewed by the Headteacher annually. At every review, the policy will be approved by the Governing Body.

Appendix 2: Mapping SCARF with the DfE requirements

This document maps the SCARF lesson plans to the DfE statutory requirements for both Relationships and Health Education (RSHE). Lessons that are not part of the DfE's statutory guidance are included because they ensure a comprehensive PSHE programme.

How the mapping works

The left hand column lists the coded DfE topics and end-of-primary statements that are covered in whole or part by the SCARF lesson plans which are listed in the middle column.

You'll find the codes for these topics below. (See pages 2 and 3 to view the 67 DfE end-of-primary statements in full. These have been numbered to enable clear referencing throughout this mapping. *)

Rows with no codes indicate lesson plans that cover subjects which are not DfE requirements but which are included to ensure a complete, comprehensive PSHE programme, including SMSC and British Values.
